### COLOR TRENDS by Norwalk

In our Brittany Cottage collection, the appeal of the natural weaves and grayed-down base colors conjure memories of simpler times. Paired with sky blues, charcoals, and deep reds and inspired by French grain sack designs, the Brittany Cottage collection creates a casual appeal that is universal and carefree to live with.

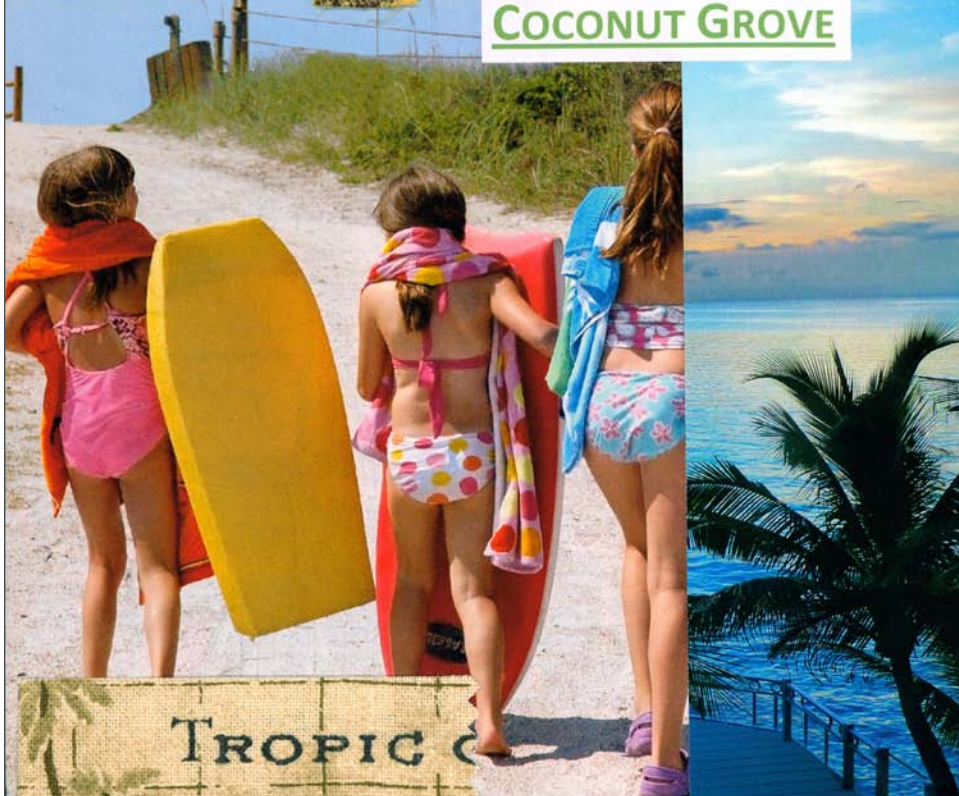

### COLOR TRENDS by Norwalk

Imagine the views from your penthouse apartment—blue grey clouds, or “Vapor” as Candice Olson calls it, coordinated with rich velvets, soft wools and highly textured foundation cloths in nutty tones. While dove grey plays a complementary role, the addition of green-cast golds adds a subtle punch to this sophisticated pallet.

## COCONUT GROVE

### COLOR TRENDS by Norwalk

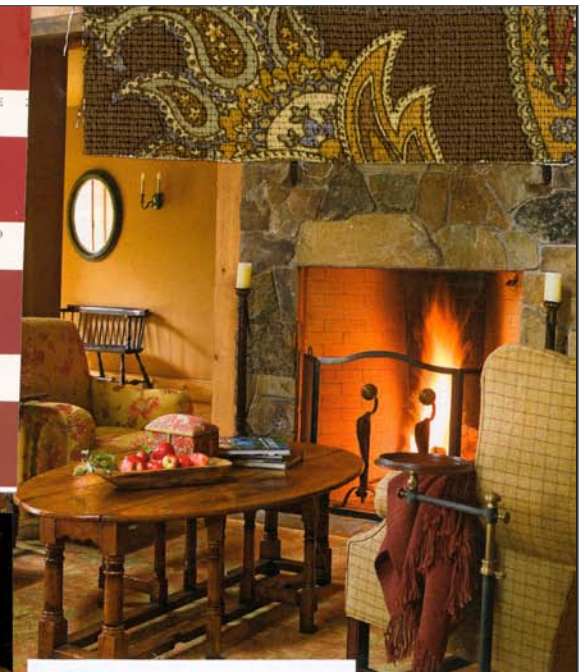

We're going just a bit more upscale with our Coconut Grove collection. Tropical undoubtedly—but with a sophisticated twist that would make it appropriate in almost any coastal environment. While green shades of palm fronds abound, colorful prints and bold stripes anchor this look.

### COLOR TRENDS by Norwalk

Inspired by the warm hues of the Scottish highlands, this collection is a lively mix of traditional menswear and glen plaids, time-worn leathers, and rich velvets. Stripes, feathers, paisleys, and houndstooth all reflect the heritage quality of this look. These cozy combinations juxtapose the elegant with the casual, and mix-and-match pattern and texture.
